THE South-Carolina Gazette.

From MONDAY *January* 21ſt, to MONDAY *January* 28th, 1751.

ST. JOHN's, ANTIGUA, November 23.

The SPEECH *of the Honourable* GILBERT FLEMING, Eſq; Commander in Chief of all his Majeſty's Leeward *Carribbee Iſlands*, to the COUNCIL and ASSEMBLY of *Antigua*, on *Thurſday* the 22d of *November*.

Gentlemen of the Council,
Mr. Speaker, and Gentlemen of the Aſſembly,

WHEN his Majeſty was graciouſly pleas'd to favour our Captain General with Licence of Abſence, his Grace the Duke of *Bedford* ſignified to me the King's Pleaſure, that I ſhould immediately repair to my Station, that a Government of ſo much Importance as this, might not be left to an eventual Adminiſtration. I obey'd the Royal Command with all poſſible Alacrity, as well out of Duty to our gracious Sovereign, as an earneſt Deſire to do all poſſible good to a People for whoſe Proſperity no Man can be more zealous; and I aſſure you Gentlemen, I made all the Haſte in my Power to viſit this, as the Iſland of moſt Importance, and for which I ever had a particular Regard, tho' his Majeſty's Service detain'd me much longer than I wiſh'd.

I need not be particular in pointing out to you, Gentlemen, ſuch Meaſures as are moſt conducive to the publick Utility; ſince I may well preſume from your Zeal and Loyalty to his Majeſty, as well as from your well known Abilities, that you will purſue ſuch Meaſures only, as tend to his Honour, and the public Safety and Happineſs. To ſuch Laws as may anſwer thoſe deſirable Ends, you ſhall have my hearty Concurrence: And I ſhall rejoice in all ſuch Opportunities of approving myſelf a faithful Servant to the King, and a ſincere Friend to this Colony.

With theſe Views on all Sides, I cannot doubt, that a perfect Harmony will ſubſiſt among us, and give Efficacy to our Deliberations: I am ſure it is my Intention to do every good Office in my Power to all the Iſlands of this Government in general; but more particularly to this, for which I always retain'd a warm Affection. But if at any Time, I ſhould be miſtaken in my Views of public Service, I depend, that you, Gentlemen of the Council, and you, Gentlemen of the Aſſembly, will aid me with your Advice and Aſſiſtance, to do whatever may be moſt conducive to the Honour of our Sovereign, and to the Safety and Proſperity of this Iſland.

GILBERT FLEMING.

To the Honourable GILBERT FLEMING, *Eſq; Lieutenant-General and Commander in Chief of all his Majeſty's Leeward* Carribbee-*Iſlands in* America, *&c.*

The Humble ADDRESS of the GENERAL ASSEMBLY of *Antigua*, met on Thurſday the 22d of *November*, 1750, at the Court-Houſe in the Town of *St. John* in *Antigua*.

May it pleaſe your Honour,

THE Aſſembly of *Antigua* waits upon your Honour, with the moſt cordial Acknowledgements for the warm Affection which you have expreſs'd for this Iſland. The ready Obedience that you paid to the Royal Command, the early Viſit with which you have honoured us, and your generous Concern for our Welfare, give us an Earneſt of your Zeal for his Majeſty's Service, and the Safety and Proſperity of theſe Colonies, and confirm our Hopes of continuing to be happy under your Adminiſtration.

A Zeal for his Majeſty, and a Succeſſion in his illuſtrious Houſe, have ever warm'd the Hearts of the People of *Antigua*; nor can any Opportunity eſcape them of diſtinguiſhing their Loyalty to his Royal Perſon and Family. Our Abilities, ſuch as they are, we dare promiſe ſhall be ſteadily and faithfully employed in the Service of our Country, in which we have always endeavour'd to exert a becoming Zeal, and to preſerve a perfect Unanimity. Such Principles, we are humbly perſuaded, will recommend us to a Continuance of his Majeſty's gracious Protection; and will, we hope, be productive of public Safety and Happineſs; and to ſuch Principles we doubt not but your Honour will ſhew the moſt favourable Countenance and Encouragement.

From the generous and affectionate Promiſes made by you, Sir, and the Reſpect and Honour which we ſhall pay, we cannot but pleaſe ourſelves with the Proſpect of mutual Harmony and Satisfaction between the People and their Governor. If at any Time the Duty, by which we are indiſpenſibly bound to our Country, ſhould induce us to make uſe of the Liberty of Advice to which you have been pleaſed to invite us, we ſhall endeavour to uſe it in ſuch a Manner as may not be unworthy of your Honour's Station, or unbecoming the Repreſentatives of a free People.

We beg Leave to aſſure your Honour, that we have the moſt grateful Senſe of the diſtinguiſhed Regard that you have expreſs'd for *Antigua*. Such a Regard demands our Gratitude, and will determine our Conduct to be ſuch as will (we ſincerely wiſh) make your Government as happy to you as to ourſelves.

SAMUEL MARTIN, *Speaker.*

On Sunday laſt, in the Evening, the Honourable GILBERT FLEMING, Eſq; our Lieutenant-General and Commander in Chief, landed here with his Lady: He was ſaluted by the Cannon of *James Fort* and *Rat-Iſland* as he paſſed by thoſe Gariſons; and was received at his landing, by a large Detachment of Lieutenant General *Phillips*'s Regiment. As it had been a dead Calm all Day, and he had left his Majeſty's Sloop *Shark*, before ſhe came in Sight of the Harbour, ſeveral Gentlemen that intended it, were prevented from waiting on him that Night; but the Day following he was invited to a very elegant Entertainment, prepared by Order of the Legiſlature; at which moſt of the Gentlemen of Diſtinction in the Iſland were preſent; and he was received both going to, and coming from the Place of Entertainment, by a Captain's Guard of General *Phillips*'s Regiment.

This Morning the Honourable the Lieutenant General, on ſome Advices he had received ſince his Arrival here, embark'd on board a Sloop, and carried with him a Captain, Lieutenant, and Enſign, with 2 Serjeants, 4 Corporals, 2 Drummers, and 60 private Men, of Lieutenant General *Phillips*'s Regiment, who are to be employ'd on ſome particular Service.

LONDON, *September* 22.

We hear from Hull, that laſt week a Whale was drove on ſhore in the Humber, which is 101 feet and ſome inches long, and is eſteemed the greateſt Curioſity ever ſeen of the Kind.

Sept. 25. We hear, that an eminent Diviner of the Church of England, will be very ſpeedily ſent over, with the Epiſcopal Character, to ſome of our Colonies in America; that perſons qualified to receive holy Orders, may be ordained there, without the Trouble and Expence of making a Voyage hither for that Purpoſe; which ſtep will certainly be attended with great Advantage; and contribute not a little to the Propagation of the Chriſtian Religion, according to the Doctrines, and agreeable to the Diſcipline, of the beſt conſtituted Church in the World.

October 9. From Conſtantinople, by yeſterday's mail, we have a confirmation of the dreadful Earthquake at Philipoli mentioned in the former, with theſe additional particulars, that almoſt the whole City, which was one of the beſt in Romania, has been ſwallowed up, and they reckon about 4000 perſons periſhed there: The

Damage

damage was not less in the towns, villages and hamlets near that unhappy spot, most of them having been either demolished by the violent and repeated shocks of this Earthquake, or laid under water by the overflowing of the river Mariza.

His excellency the Earl of Albemarle has so clearly explained the sentiments of the British court, with regard to the disputes between the two crowns in America, and the commissioners appointed for adjusting those disputes are so well furnished with proofs in support of the claim made by Great-Britain, that there is no doubt, if the conferences actually begun on this subject at the Louvre are continued, all things will be adjusted to the intire satisfaction of the Public.

They assure us from Aberdeen, that the Herrings have come in such quantities on that coast, that they have been lately sold there at 24 a Penny.

We hear that the honourable the commissioners of his majesty's customs, have given strict orders for the seizing of all foreign herrings imported into this kingdom, and that a true national spirit shews itself amongst all ranks and degrees of men.

London, Oct. 18. 'Tis said, that soon after the King's arrival here from Hanover, his majesty will go to Bath for a short time; and that the parliament will not sit for business 'till about the middle of January.

Oct. 20. We learn from Vienna, that Count Choteck, whom the Empress has charged with the direction of commercial affairs in the hereditary provinces, makes the principal merchants and traders of that city meet now and then at his house, in order to consult with them about the properest methods to improve the manufactures of her Imperial majesty's dominions, and procure an easier vent for them in the neighbouring countries.

PHILADELPHIA, *November* 15.

By the ship Carolina, Capt. Mesnard, fourteen new pieces of fine cannon, 18 pounders, are come a present from our honourable proprietaries to the Association battery.

That battery has now upwards of 50 cannon, 18, 24 and 32 pounders: One of them a new 32 pounder, was presented by the worthy Schuylkill company.

BOSTON, *November* 19.

On the 6th instant died the honourable *Jonathan Law*, Esq; Governor of the colony of Connecticut.

Extract of a Letter from Halifax, *Oct.* 29, 1750.

"We hear from Chignecto, that the French army are all removed and dispersed. And this day there is a report, that the French are settling Canso; but no certainty.——Yesterday a brig arrived here from England in four weeks: There are letters by her from several merchants which say, there is no doubt we shall have another regiment sent early in the spring; and that they are much dispos'd at home to stand by us, so that we shall not want for money, nor any other encouragement.

"*Nov.* 1. Capt. William Bellon died this morning much lamented.——And this day the French brig lately brought in by Capt. Rous, was condemned by a court of admiralty; one half to the king, and the other half to the captors.

"*Nov.* 3. The French officers which belong'd to the said brig embark'd on board a schooner, which is to carry them to Louisbourg."

CHARLES-TOWN, *January* 28.

Last monday night we had a violent storm of wind, with rain, which lasted 4 or 5 hours; in which a ship from *Antigua*, one *Allen* master, was drove ashore on *Sullivant*'s Island, a part of *Lloyd*'s bridge was carried away, and a Brigt. overset thereat; several loaded pettiauguas up the rivers were drove ashore, and trees blown up by the roots in the country; and Capt. *Boyd*'s sloop, with other vessels, were driven ashore at *Port-Royal*: The wind rose at S.E. and changed to S.W. but had it been at E. or N.E. it would have made terrible havock among the shipping in this harbour.

MAJOR'S *Imperial*

Phœnix SNUFF,

WHICH many Thouſands of Perſons have found to be a very effectual Remedy for taking away Diſorders of, and in the Head, and in the following Ailments. It inſtantly removes Drowſineſs, Giddineſs, Vapours, Deafneſs, Evil in the Eyes, or any Humour in them, Dropſies, or Stoppage or Cold in the Head, Jaundice, Quinſey, *&c.* the Catarrhs, or Drippings from the Head upon the Lungs, Tickling Coughs and Conſumptions; it brings away all Mercury that lodgeth in the Head, which may be occaſioned by taking too much, or by Trades that are offenſive to the Brain. It inſtantly cureth the Head-ach and Tooth-ach, be the Pain ever ſo violent. It immediately takes hold of, and carries off Swellings or Breakings-out in the Face, *&c.* or Sores, or ſtubborn Itchings in the Body, and will leave you clean inwardly and outwardly: It cureth the Megrim, Falling-ſickneſs, and reſtoreth a very good Appetite, as it will give a Warmth and quick Circulation to the Blood.

To help the Cure of Deafneſs, it is neceſſary, ſometimes, to have a Bottle of Oil, to drop three or four Drops into each Ear: It hath perfected a Cure for thoſe that have been deaf for five or ſix Years, and longer.

To be ſold, by the Author's Appointment, only at Meſſrs. BROWN *and* DRAKEFORD'S *Store in* George Town, *and at Capt.* THOMAS CROSTHWAITE'S *in* Charles-Town.

The Uſe *and* Operations *of the* Imperial Phœnix SNUFF.

SNUFF the whole Paper or half going to Bed; you will ſeldom ſneeze till you riſe in the Morning: A ſecond Doſe is not to be taken till Four, Five, or ſix Days after the firſt; and, inſtead of occaſioning any Cold to be taken, it carries off the Humour that occaſions Colds, and brings the Blood to ſupport the Part: Sometimes it works off ſharp Waters, ſometimes Corruption and Blood, ſometimes like Size or Glue: It draws off all Phlegm, and other Matter, from the Stomach. There is no Occaſion to be afraid of a little Blood, for it is Part of the Cure. As you ſee the foul Matter brought away, it is a better Proof than ever was ſeen before, and gives a true Demonſtration of its Efficacy. The Noſe being the proper Channel to carry it off, the ſore Noſe will ceaſe after the Diſtemper goes off. Sometimes One, Two, Three Papers, or more muſt be taken, as yourſelf may ſee the Caſe requires. There is no Occaſion to keep from Buſineſs or Within-doors, or to alter your Diet for its Working. Upon Occaſion it may be taken any Time of the Day; only you are to refrain blowing the Noſe for ſome Hours.

Conſider the Advantage in the Operations of this Snuff in Eating and Drinking, and Going where you pleaſe, and no Sickneſs at Stomach, nor Griping, or Diſagreeableneſs; the niceſt and weakeſt Perſons may take it.
